pp (sans nuances)

F D C Pentatonic

\*) The direction  $\text{♩} = \text{♩}$  should appear over the barline between mm. 6 and 7; it should be canceled by the direction  $\text{♩} = \text{♩}$  over the barline between mm. 12 and 13. (This faster tempo in mm. 7–12, and later in mm. 22–83, can be heard on Debussy's piano-roll recording of this prelude.)

\*The direction  $\text{---}$  should appear over the barline between mm. 83 and 84

*similar to beginning*

This is called arch or mirror form.  
Can you guess why?

Fig. 10.14: 'La cathédrale engloutie' as printed

cool that the first A contains a smaller-scale mirror image  
(without B)
